OFFICE OF THE CHAIRMAN, MYSORE CITY IMPROVEMENT TRUST BOARD, MYSORE.

"Rare Opportunity to Businessmen and Investors".
"Best Shop Sites in the best Business Locality".

Sale Notification dated 13th October 1954.

The public are hereby informed that 20 (twenty) best shop sites in the layout of the Thyagaraja Square, in the centre of the City, near Vanivilas Market, in front of Prabhudeva Talkies, will be sold by the Chairman or any person authorised by the Chairman, City Improvement Trust Board, Mysore, on the spot in public auction on the date and time mentioned below subject to the conditions noted hereunder. As these sites are situated in the best business centre of the city, it is a rare opportunity to business people and investors.

1 The auction purchaser is bound to the conditions mentioned in paras 6, 7, 8 and 9 of the G. O. No. L. 8056-8/Ml. 127-18-2, dated 31st December 1918.

2 The auction purchaser should deposit immediately when the sale is concluded, 25 per cent of the bid amount and pay the balance within 15 days from the date of sale, failing which, the amount deposited by him will be forfeited.

3 In default of payment of the full amount of the bid within the prescribed period, the Chairman may direct the resale of the site after defraying the expenses of the original sale out of the deposit amount. If the proceeds of the resale be less than the price bid by the defaulting purchaser, the difference will be recovered from the defaulting purchaser.

4 The sale is subject to confirmation by the Chairman, City Improvement Trust Board, Mysore, who may fix up a higher price than the bid amount, if the latter were to be low. The sale is further subject to approval by Government.

5 The purchaser after the sale is confirmed should execute the mutchalika in the form prescribed which includes the conditions mentioned in the Government Order noted above and should put up a building on the site as per design approved by the Trust Board.

6 The Trust Board is not responsible for the inaccuracy if any, in the dimensions and description of sites.

7 The Officer conducting the sale may fix the minimum bid, etc., for each site.

8 Every bidder should deposit Rs. 100 (Rupees One hundred only) before he bids which is refundable in case his bid is not accepted.

9 The layout plan of the sites and the dimensions of the sites and any other information required may be had in the office during office hours.

10 The sites will be sold on *15th November 1954* commencing from 9-15 A.M. and if necessary on the following day also commencing from 9-15 A.M.

The above block has been allotted for this Farm. Successful tender will be issued permits obtained from the Forest Department.

The tenders will be opened by the undersigned at 5 P.M. on 28th October 1954.

The required Tender forms can be obtained from the office of the undersigned on cash payment of Rs. 5-1-3 per set. Tender forms are not transferable.

Conditions of tender for the supply of hill-grass hay for the period from December 1954 to February 1955

The tenders will be received by the undersigned in the prescribed form obtained from the undersigned on payment of Rs. 5-1-3 per set of 2 forms. Both the forms should be filled in, in legible writing and presented in a sealed cover addressed to the undersigned and superscribed "Tender for the Supply of hill-grass hay for 1954-55" so as to reach the undersigned not later than 4-30 P.M. on 28th October 1954, one of which will be returned to the tenderer with the seal of this office for his reference. This is with a view to avoid fraudulent use of the tender forms.

2. The rates tendered should be in whole rupees only and must be expressed both in figures and in words. The rates should be for delivery at the stack yard of the Combined Sheep and Cattle Farm, Kurikuppi. The rates should be exclusive of the seigniorage charges due to the Forest Department which will be borne by this Department. The hay to be supplied should be dry and of current crop containing only edible fodder grass, good smelling, free from damage by rain and devoid of dirt and other foreign matters subject to the approval and acceptance

of the undersigned or any other officer authorised on his behalf.

3. The hay should be harvested only from the Block No. 9 of the Sandur Reserve Forest assigned to the Combined Sheep and Cattle Farm, Kurikuppi subject to the Rules and Regulations imposed by the Forest and this Department. Necessary permits obtained from the Forest Department will be issued to the successful contractor by the undersigned and all the harvested grass should be supplied only to the Combined Sheep and Cattle Farm, Kurikuppi. The permits should be accounted for by the Contractor in the prescribed form.

4. Each tenderer should remit into the Reserve Bank of India or Imperial Bank of India or Government Treasury an earnest money of Rs. 500 in favour of the undersigned and the Bank or Treasury Receipt or challan enclosed with the Tender. No cash or cheque will be received. The tenders should also be accompanied by a Solvency Certificate obtained from the Revenue Authorities not Lower than the rank of Tahsildar concerned. The Tenderers who are exempted from the production of income tax clearance certificate should produce evidence in support of the fact that they come under the category which are eligible for exemption. If the certificates required cannot by any reason be produced in original the tenderers should furnish complete copies of the same duly certified by a Gazetted Officer along with the tender. The tender received without the earnest money deposit receipt or found defective in any respect will be rejected. The earnest money will be returned to the unsuccessful tenderers in due course.

5. The tenderers or their duly authorised Agents with a power of attorney obtained from the tenderers to act on their behalf should be present at the time of opening of tenders. The rate quoted by each tenderer will be announced and in the event of two or more tenderers quoting similar lower rates an immediate auction will be held to decide the successful tenderer, subject to the approval of the Director of Animal Husbandry in Mysore, Bangalore.

6. The successful tenderer or bidder will be required after allotment of the contract to furnish a cash security equal to 1/10 of the total value of the quantities mentioned in the schedule calculated at the rates accepted and also to sign an agreement in the prescribed form, a draft of which may be seen at the Office of the Superintendent, Combined Sheep and Cattle Farm. Kurikuppi. Tenderers should clearly understand that no variation of the terms and conditions contained therein will be made under any circumstances and that the tender is an admission that they have read and understood the terms and conditions therein contained and that the tender is expressly made subject to same. The amount should be deposited by the contractor in the Post Office Savings Bank as Security deposit and the Savings Bank Pass Book pledged with the undersigned within 7 days of the receipt of the allotment of the contract.

7. If any tenderer or bidder refuses to take up the contract when called upon to do so within the period stipulated by the Superintendent, the earnest money deposit will be forfeited to the Government. It shall not be open for the Tenderers to withdraw his tender at any stage.

8. The quantities given in the schedule are only approximate and not guaranteed and the quantities to be purchased may be more or less. The contract will be deemed to be limited to the quantities to be actually drawn by this office.

The contract must not be sublet without previous permission of the undersigned.

9. The undersigned reserves to himself the right of rejecting any or all of the tenders without assigning any reason thereof.

10. The contractor should abide by any rule or rules that are imposed on him from time to time during the period of contract for effecting proper supplies to the Farm.

11. In the event of failure to fulfil all or any of the aforesaid conditions, any purchases of grass made from other sources to meet the requirement of the Farm shall be at the risk of the approved contractor and further is liable for any penalty to be imposed by the undersigned.

OFFICE OF THE SPECIAL ENGINEER, VIDHANA SOUDHA DIVISION, BANGALORE.

Tender Notification dated 1st October 1954.

1 Sealed tenders are invited by the Special Engineer, Vidana Soudha, Bangalore for providing, laying and polishing, Mosaic cement flooring tiles and other cement tiles for Vidhana Soudha up to 4 P.M. on Monday the 1st November 1954.

2 An earnest money deposit of Rs. 5,000 in the form of receipted challan or bank draft or cheque on any of the recognised local banks should accompany the tender, without which the tender will not be considered.

3 The approximate area to be covered with flooring tiles is 2,500 squares, the details of which are mentioned in the tender form.

4 The tiles to be supplied should conform to the specification detailed in the tender form. Sample tiles should be got approved by the Government Architect and the Special Engineer, beforehand with regard to quality, colour and design.

5 Tenderers should give a brief account of the process of manufacture of tiles adopted by them in their tender.

6 The rates should be quoted for finished work, *i.e.*, (*a*) Manufacture of tiles, (*b*) Laying with cement mortar $\frac{3}{4}$" thick 1 : 3 proportion and polishing charges with necessary materials on a bed of cement concrete laid by the Department. The rates should be inclusive of levelling the bed with cement mortar 1 : 3 washing the tiles with soap water and oxalic acid, polishing with machine driven by electric power in 3 coats (one rough coat, one medium and another final), and final, polishing with mansion or other approved polish. Rates should be quoted for finished floor per 100 square feet, alternately with local chips and foreign marble chips.

7 For polishing the tiles, polishing machine operated by electric energy should be used, the required electric power being supplied by the Department at Government cost.

8 Tender forms and specifications can be had from the Special Engineer, Vidhana Soudha Division, on payment of Rs. 2 per set. Only these prescribed should be used for presenting the tender.

9 The earnest money deposit will be refunded to the successful tenderer only after the completion of the work satisfactorily and after the work is certified by the Special Engineer, and the Government Architect.

10 Solvency certificate to the extent of Rs. 2,00,000 issued by competent authority should accomany each tender.

11 Income-tax and Sales-tax clearance certificates issued by the respective Departmental Officers of the jurisdiction should also accompany each tender.

12 Firms of at least five years, experience in the line and having to their credit the reputation of having executed similar works of large magnitude would be given preference.

13 The work should be completed in all respects before 30th June 1955 giving a monthly progress of 400 squares.

14 The successful tenderer should install the required machinery and equipment of their own in the premises of Vidhana Soudha at their cost. The necessary space, shed and water supply required for the purpose will be provided at Government cost.

15 The contractors should make their own arrangements for supply of cleans and required for the work.

16 No conditional clause will be accepted.

17 The final acceptance or disposal in any manner, of the tenders in full or in part will rest with the Chief Engineer of Mysore, Bangalore, who is not bound to accept the lowest tender or assign any reason thereof.

18 The successful tenderer shall bind himself to abide by the Departmental rules and specifications in force and shall execute the necessary agreement within 8 days from the date of intimation of acceptance of his tender, failing which his tender will be cancelled unconditionally and the earnest money forfeited to Government.

19 The successlul tenderer should arrange to start the work within 15 days of the execution of the necessary agreement and should arrange to complete the entire work within the time specified above, or any further periods thereafter allowed from time to time at the discretion of the Special Engineer, Vidhana Soudha. The progress of work should be fairly uniform during this period. Any failure on the part of the successful tenderer to abide by these conditions will be considered a breach of contract and necessary suitable action will be taken against the tenderer. This will be in addition to cancelling the tender unconditionally and forfeiture of the earnest money.

20 After entrusting the work to the successful tenderer, the chellans enclosed by the other tenderers will be duly returned to them endorsed for refund which can be had from the respective Banks.

21 Reserve and earnest money deposits of the successful tenderer will be repaid only after the settlement of the final bill.

22 Tendered contractors will have to pay compensation as per the Workmen's Compensation Act to workmen employed by them on this work who are injured, disabled or killed in or during the execution of work, failing which, the amount will be deducted from the bills due to the contractors for payment and the same paid to the injured or deceased or to their legal heirs.

23 The items and quantity of work specified in the annexure are approximate and liable for alteration. No extra claims will be entertained for such alterations.

24 The work should not be sublet to others.

25 For all disputes arising in respect of this work regarding rate, quantity, design, execution, etc., the decision of the Chief Engineer of Mysore, Bangalore, is final and legally binding.

26 The successful tenderer should bind himself responsible for good behaviour of his agents and employees employed on the work.

27 Ordinary cement if required will be supplied by the Department at the prevailing issue rates.

SPECIFICATIONS GOVERNING THE MANUFACTURE OF CEMENT MOSAIC FLOORING TILES FOR SUPPLY TO "VIDHANA SOUDHA", BANGALORE.

Notification dated 1st October 1954.

1 Tiles should be manufactured out of foreign best oxide colours (A-1 quality) to be got approved beforehand by the Government Architect and the Special Engineer, Vidhana Soudha Division and should be processed only in a Hydraulic press worked by electric power. Chips of different grades and colours, approved by the Government Architect and the Special Engineer, should only be used. Cement and Sand used should be in the proporation of 1 : 2.

2 The overall thickness of the tiles (of the above specification) after processing in Hydraulic Press should be not less than $\frac{3}{4}$", the mosaic portion itself being not less than $\frac{1}{4}$" after polishing.

3 The size of the cement flooring tiles should be between 8"×8" and 10"×10", to be specified by the Special Engineer and Government Architect.

4 The tiles manufactured on the above lines should remain immersed in water for at least ten days for curing.

DADOOING WORK FOR WALL WITH MOSAIC FINISH IN BATH ROOM, ETC.

A. Cement mortar plastering of $\frac{1}{2}$" to $\frac{3}{4}$" thick in the proportion of 1 : 3 (as may be approved by the Government Architect and the Special Engineer) should be done with terra bonds being provided as per approved design, and specification.

B. Quarter of an inch thick terrazoo finish-colour and grade of chips as approved by the Government Architect and Special Engineer should be provided.

AREA TO BE COVERED WITH TILES.

1. Mosaic Flooring with tiles or cast insitu-terrazzo	...	900	Squares
2. Relief Tile-Flooring	...	2,500	Squares.

TYPICAL WORKING SPECIFICATIONS FOR TERRAZZO FLOOR FINISH AS GIVEN BY THE CONCRETE ASSCOIATION OF INDIA.

1. *Base slab* :—The surface of the base slab shall be struck off reasonably true at a level not less than 2$\frac{1}{4}$ inches below the required finish. This will be done by the Department.

2 *Aggregates* :—No fine aggregate or sand shall be used in the terrazzo finish. The coarse aggregate shall be graded in three sizes : $\frac{1}{8}$ inch, $\frac{1}{4}$ inch and $\frac{1}{2}$ inch, of chips of approved colour.

3 *Mixtures* :—The terrazzo mixture shall be one part of (Portland) cement of required colour and three parts of stone chips.

Not more than 4 gallons of mixing water including the moisture in the aggregate shall be used for each bag of (Portland) cement in the mixure.

4 *Consistency* .—The terrazzo concrete shall be of the driest consistency possible to work with a sawing motion of the strike-off board or straight edge. Changes in the consistency shall be obtained by adjusting the proportions of aggregate and cement. In no case shall the specified amount of mixing water be exceeded.

5 *Placing* :—The terrazzo finish shall be laid in bays not exceeding 12 square feet in area at a time.

Before placing the mortar base and terrazzo finish the surface of the structural concrete slab shall be covered with a uniform layer of fine sand $\frac{1}{4}$ inch thick, and covered with an approved tar paper.

The mortar base shall be at least 1$\frac{1}{4}$ inch thick and shall be screeded to an even surface $\frac{3}{4}$ inch below the finished floor level.

Metal dividing strips about 1$\frac{1}{2}$ inches wide, preferably Terrabonds of either brass or aluminium shall be inserted in the mortar or supported on the slab to conform to the design specified by the Architect. The top of the strips shall be at least 1/32 inch above the finished level of the floor.

When, in the opinion of the Special Engineer, the mortar base has hardened sufficiently to withstand rolling, the terrazzo mixture shall be placed to level of the top of the dividing strips.

6 *Finishing* :—After striking off to the finished level, the concrete topping shall be rolled length-wise and cross-wise so as to secure thorough compaction of the stone chips and cement paste. Additional stone chips of the larger size shall be spread over the topping during rolling until 85 per cent of the finished surface shall be composed of stone. Immediately after rolling the surface shall be floated and trowelled once. No attempt shall be made to remove trowel marks.

After the terrazzo concrete has hardened enough to prevent dislodgment of aggregate particles, it shall be ground down with an approved type of grinding machine shod with free, rapid-cutting carborundum stones to expose the coarse aggregate. The floor shall be kept wet during the grinding process. All material ground off shall be removed by squeegeeing and flushing with water.

Air holes, pits and other blemishes shall be filled with a thin grout composed of neat cement paste of required colour. This grout shall be spread over the surface and worked into the pits. After all patch fillers have hardened for seven days the floor surface shall receive a second or final grinding to remove the film of cement paste and to give the floor a polish, Further final holes and pits shall again be filled up will cement paste of required colour and the surface ground a third time with fine corborandum stone. The surface shall then be washed with water and finely ground with oxalic acid. The surface shall then be thoroughly cleaned and after it is perfectly dry, it shall be polished with Mansion other approved polish of required colour.

Tender Notification.

Sealed Tenders are invited up to 4 P.M. on Monday, the 8th November 1954, by the Special Engineer, Vidhana Soudha Division, Bangalore for the work of preparing and fixing Shutters to the Frames of Doors and Windows fixed in the Vidhana Soudha Building. The details of work to be done are noted in the Annexure.

2 An earnest money of Rs. 250 in the form of receipted challan paid to the Reserve Bank should accompany the tender, without which the tender will not be considered. The challan should be duly countersigned by the Special Engineer, Vidhana Soudha Division before crediting the amount to the Bank.

3 The approximate cost of the work will be about Rs. 30,000 which represents labour charges only, the required Teak Wood cut scantlings, Planks, and Iron fittings, such as Padlocks, Tower bolts, etc., being supplied by Government.

4 The work should conform to the Departmental Specifications and should be duly passed by the Special Engineer, Vidhana Soudha Division, and the Government Architect with regard to quality and workmanship.

5 The planing machine installed in Vidhana Soudha workshop may be used free of charge for all planing required for the above work. The spindle moulder and the mortising

machine may also be used if necessary, the working cost of the machinery being recovered from the Contractor for the number of hours worked.

6 Printed Tender Forms in duplicate can be had from the Special Engineer, Vidhana Soudha Division, on payment of annas 4 per set. Only these prescribed forms should be used for presenting the Tender.

7 The earnest money deposit will be refunded to the successful tenderer only after the completion of the work satisfactorily and the work certified by the Special Engineer and the Government Architect.

8 Income-tax and sales-tax clearance certificates issued by the respective Departmental Officers of the jurisdiction should also accompany the tender.

9 The work should be completed in all respects before 30th June 1955 giving a uniform monthly progress during the period.

10 No conditional clause will be accepted.

11 The final acceptance or disposal in any manner, the tenders in full or in part will rest with the Chief Engineer of Mysore, Bangalore, who is not bound to accept the lowest tender or assign any reason thereof.

12 The successful tenderer shall bind himself to abide by the Departmental rules and specifications in force and shall execute the necessary agreement within eight days from the date of intimation of his acceptence of tender failing which his tender will be cancelled unconditionally and the earnest money forfeited to Government.

13 The successful tenderer should arrange to start the work within fifteen days of the execution of the necessary agreement and should arrange to complete the entire work within the time specified above or any further period thereafter allowed from time to time at the discretion of the Special Engineer, Vidhana Soudha Division. The progress of work should be fairly uniform during this period. Any failure on the part of the successful tenderer to abide by these conditions will be considered a breach of contract and necessary suitable action will be taken against the tenderer. This will be in addition to cancelling the tender unconditionally and forfeiture of the earnest money.

14 After entrusting the work to the successful tenderer, the challans enclosed by the other tenderers will be duly returned to them endorsed for refund, which can be had from the Reserve Bank.

15 Reserve and earnest money deposits of the successful tenderer will be repaid only after the settlement of the final bill.

16 Tendered contractors will have to pay compensation as per the Workmen's Compensation Act to workmen employed by them on this work, who are injured, disabled, or killed in or during the execution of work failing which, the amount will be deducted from the bills due to the contractors for payment and same paid to the injured or deceased or to their legal heirs.

17 The items and qantity of work specified in the Annexure are approximate and are subject to alteration. No extra claims will be entertaind for such alterations.

18 The work should not be sublet to others.

19 For all disputes arising in respect of this work regarding rate, quality, quantity, design, execution, etc., the decision of the Chief Engineer of Mysore, Bangalore, is final and legally binding.

20 The successful tenderer should bind himself responsible for good behaviour of his agents and employees employed on the work.
